## Boating! Man against nature! Man in tune with nature!

### *The Lure of Boating. Seductive! Challenging! Daring!*

If you wondered what's the *Lure of Boating*, Selden will lead you stepwise into this intriguing world. And it really is a world apart. It's not only for the rich, but accessible for most people which allows them to find *excitement, infinite challenges*, and even *considerable danger* all in stark contrast to an otherwise mundane life. If you need to "get away," and recharge the old batteries then read on, and discover the boating world. It's a place where you hang-up one identity and assume another.

Yet, there are pitfalls. The involvement with boating has an addiction-like potential. It offers a tantalizing escape, to which one might turn at the jeopardy of all else. For some, the need for an ever-larger boat could strain one's finances beyond reason. The increasing time spent with the boat could undermine a profession or career. And of course, unless your significant-other shares your enthusiasm for boating, the relationship could be irrevocably broken.

So cruise along with Lou, Nicole, Jane, and Oscar and learn how boating reshaped their lives.
