The Challenges of Modern Sport to Ethics: From Doping to Cyborgs

Jose Luis Perez Trivino

The Challenges of Modern Sport to Ethics: From Doping to Cyborgs Jose Luis Perez Trivino

The book attempts to provide a wide overview of key ethical matters in the philosophy of sport: What is fair play? Is strategic fouling legitimate? What is the role of cheating and gamesmanship in sport? What can be said about doping and physical enhancement? How can we approach gender issues that come from the core of the practice of sport? Does sport share any common characteristics, or even roots, with racism, violence, or nationalism? Should cyborgathletes compete in equal conditions with organic athletes? What can we do with new technologies in sport? In the book there is an analyse of all possible solutions that the main authors or contemporary sport philosopher has brought forward on a topic, and after having laid out the current panorama, the author deal with each of them directly and personally.
