The third edition of Fire and Life Safety Educator provides the educator with knowledge to support successful performance as a fire and life safety educator as addressed in NFPAr 1035, Standard for Professional Qualifications for Fire and Life Safety Educator, Public Information Officer, and Juvenile Firesetter Intervention Specialist. In addition, the manual meets the learning outcomes of the National Fire Academy's Fire and Emergency Services Higher Education (FESHE) non-core course Fire and Life Safety Educator. New to the Fire and Life Safety Educator manual is the addition of two levels: Juvenile Firesetter Intervention Specialist I and Juvenile Firesetter Intervention Specialist II. All levels are covered separately for ease of use. In all, the third edition covers five levels of the standard: * Fire and Life Safety Educator Level I: Chapters 2-6 * Fire and Life Safety Educator Level II: Chapter 7-11 * Fire and Life Safety Educator Level III: Chapters 12-16 * Juvenile Firesetter Intervention Specialist I: Chapters 17-20 * Juvenile Firesetter Intervention Specialist II: Chapters 21-25 This manual should be the first document on a public educator's bookshelf and a "ready reference" of public education knowledge. The manual is intended to educate the educator rather than to train the educator. In this way, the educator will be able to apply knowledge and skills to many different areas under the "umbrella" of injury prevention and control. The manual focuses on all-risk education. This manual is intended to assist in preparing for certification to the Fire and Life Safety Educator I, II, and III and Juvenile Firesetter Intervention Specialist I and II levels of NFPAr 1035 Standard for Professional Qualifications for Fire and Life Safety Educator, 2010 edition.
