Insect Pests and Fresh Horticultural Products: Treatments and Responses Robert E. Paull, John W Armstrong

The book is based on papers presented at a conference held in Oxford, in March 1993, under the BRIDGE-COST-88 program developed by the Commission of the European Communities. A wide range of fungi, which are pathogens of a variety of crop and ornamental plants, is covered and the book is aimed at postgraduate students and research workers in mycology and plant pathology, including those involved in routine testing of plants for quarantine or other purposes.
