## **Ronald Knox and Sherlock Holmes: The Origin of Sherlockian Studies** Ronald Knox

A popular pastime among followers of Sherlock Holmes is to treat his adventures as though they were real. Unique in all literature, this pursuit is known as the Grand Game, an intellectual exercise played in order to discover a deeper knowledge of the tales by examining clues in the stories themselves, or by correlating the Sherlockian Canon with historical fact. It's an unprecedented phenomenon that began with one man Monsignor Ronald Knox and his 1912 essay "Studies in the Literature of Sherlock Holmes."

But this wasn't Ronald Knox's only written work about Sherlock Holmes. Here you will find all five groundbreaking Sherlockian pieces by Ronald Knox. These classic works are sure to enhance the reader's enjoyment and understanding of The Great Detective. By providing documented (and sometimes surprising) answers to a perceptive series of questions, Michael Crowe reintroduces us to the very origin of "The Great Game" of Sherlockian Studies, a game that, as he says "brought the great detective back from the non-living."
