A Garden View: A Book of Hand Embroidery Patterns Inspired by the Country Garden Cathie Richardson

A nice new updated version of my Sketches from Nature hand embroidery pattern book featuring a variety of over 50 patterns inspired by a country garden. The patterns are fun to decorate pillows, quilts, and home decor. The finished designs look great framed also. It's easy to use tracing paper to trace the pattern in the book you want to use and then transfer the pattern onto your chosen fabric. The patterns include a variety of floral and garden scenes, birds, vintage dress forms and garden carts, with a loveable Scottie Dog too. A selection of autumn and winter botanical patterns to make ornaments and other holiday gifts. The patterns in this book are hand drawn and are from my collection of patterns that I've designed over the years for my online shop Country Garden Stitchery. A nice collection of patterns for your inspiration and creative projects!
