Incredible legends and myths of old are true.... and deadly!

If she had only known some ancient myths are true, Juliet Greene, Doctor of Veterinary Medicine would never have gone into the woods that day

When she rescues a wolf from a trap, Juliet suddenly finds herself tangled in a chain reaction of events that not only cause her life and the life of her closest friend to be put in jeopardy but make her question the reality she has always known. One highly esteemed family in town appears to hold the answers she is desperately seeking, but as she searches for the truth, Juliet finds herself drawn in by the eldest son who may be more dangerous to her than she could imagine. After accidentally discovering their terrifying hidden secret, Juliet realizes she has inadvertently and unwillingly placed herself in the middle of a war between creatures thought to only exist in legends.
