Bistatic SAR System and Signal Processing Technology

Robert Wang, Yunkai Deng

Bistatic SAR System and Signal Processing Technology Robert Wang, Yunkai Deng

This book reports the latest results in the study of Bistatic/Multistatic SAR system and signal processing techniques. Novel research ideas and experimental verification have been collected on all kinds of configurations of Bistatic/Multistatic SAR system, including the preliminary construction of system model, imaging algorithm design, mission design and the corresponding application representations etc. Handy well-prepared tables are provided for readers' quick-reference, and the practical design of an interferometric SAR system is illustrated step by step.

The book will be of interest to university researchers, R&D engineers and graduate students in Remote Sensing who wish to learn the core principles, methods, algorithms, and applications of Bistatic/Multistatic SAR system.

From reader reviews:

Janice Saucier:

As people who live in often the modest era should be revise about what going on or details even knowledge to make these individuals keep up with the era and that is always change and move forward. Some of you maybe may update themselves by reading books. It is a good choice to suit your needs but the problems coming to you actually is you don't know what type you should start with. This Bistatic SAR System and Signal Processing Technology is our recommendation to help you keep up with the world. Why, since this book serves what you want and want in this era.

Willard Edwards:

Information is provisions for folks to get better life, information today can get by anyone from everywhere. The information can be a understanding or any news even restricted. What people must be consider whenever those information which is inside former life are difficult to be find than now could be taking seriously which one would work to believe or which one the resource are convinced. If you have the unstable resource then you get it as your main information it will have huge disadvantage for you. All of those possibilities will not happen in you if you take Bistatic SAR System and Signal Processing Technology as the daily resource information.

Tony Hogan:

Don't be worry in case you are afraid that this book may filled the space in your house, you will get it in e-book way, more simple and reachable. This specific Bistatic SAR System and Signal Processing Technology can give you a lot of good friends because by you considering this one book you have point that they don't and make a person more like an interesting person. This specific book can be one of one step for you to get success. This e-book offer you information that maybe your friend doesn't learn, by knowing more than various other make you to be great folks. So , why hesitate? We should have Bistatic SAR System and Signal Processing Technology.

Larhonda Kennedy:

Do you like reading a guide? Confuse to looking for your best book? Or your book ended up being rare? Why so many issue for the book? But virtually any people feel that they enjoy intended for reading. Some people likes examining, not only science book but also novel and Bistatic SAR System and Signal Processing Technology or even others sources were given information for you. After you know how the fantastic a book, you feel want to read more and more. Science e-book was created for teacher as well as students especially. Those ebooks are helping them to add their knowledge. In additional case, beside science reserve, any other book likes Bistatic SAR System and Signal Processing Technology to make your spare time a lot more colorful. Many types of book like this.
