**Differential Diagnoses in Surgical Pathology: Breast** Jean F. Simpson, Melinda E. Sanders

Systematically approach tough diagnostic challenges in breast pathology with this new title in the Differential Diagnoses in Surgical Pathology series. This practical, full-color reference uses selected images of pathological findings, together with succinct, expert instructions, to guide you through the decision-making process by distinguishing between commonly confused lesions of the breast. By presenting material according to the way pathologists actually work, this user-friendly volume helps you quickly differentiate entities that have overlapping morphologic features.
