Pornography: The Other Side F. M. Christensen

A unique and important book. I have never read any work which analyzes the subject in such a manner. This book is more thorough and has a more liberated point of view than others which attempt to tackle this 'hot potato' of the 1980s. Men should read this book. Women should read this book.

Karen DeCrow, former President, NOW

This study slices like a laser through all the fog of rhetoric, disinformation, bias, and fear that has long enveloped all discussions of the subject of pornography in the US. No argument in favor of the censorship of such material can be considered valid unless the basic arguments of this study are answered. . . . This is a valuable resource for all academic libraries and could well become a fundamental weapon in the war to preserve the First Amendment. This book should be purchased by all but the smallest libraries; it may well be the most honest discussion of the subject ever written. *Choice*

In the continuing debate over pornography, two arguments stand out: that it is evil and should be censored, or that it is evil but censorship is a greater evil. F. M. Christensen presents the other side of this debate in what will surely be one of the most controversial books on the subject. *Pornography: The Other Side* convincingly argues that anti-pornography campaigns are themselves morally evil. The author defends this startling claim with a scientific persuasiveness. He successfully opens the pornography debate to include the whole picture, allowing the reader to grasp another side to this ongoing debate with concise, practical arguments. Students and scholars of all the social sciences, as well as the informed general reader, will find *Pornography: The Other Side* a source of stimulating ideas.

Christensen concludes that pornography itself is not the fundamental issue for those who oppose it. Vehement opposition to pornography, according to this book, is a symptom of tragically mistaken beliefs about sex. What this book is really about, writes the author, is sex--and the evil effects on the lives of all of us which irrational attitudes toward that subject continue to have.

Joseph Lee:

As a college student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the trainer want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading is not important, boring as well as can't see colorful images on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Pornography: The Other Side can make you feel more interested to read.
