Tokyo UNFOLDS® Fully Bilingual Map Stephan Van Dam

VanDam's patented bilingual Tokyo Transit UNFOLDS® maps the Tokyo subway and train system at an immensely legible super-scale complete with 3D building illustrations. Each map unfolds to 6 times times its original size, then refolds automatically when the covers are closed. Eminently clear information design allows users to read the map from three feet away and has earned VanDam Maps a place in the MoMA Collection.

Tokyo Transit UNFOLDS® includes the entire Tokyo subway and train system as well as a detail of Omotesano.

Simplicity reigns supreme in information design to make complex cities clear and understandable. Our typography creates character and reveals the true bones of the city. VanDam uses a letter grid to identify locations on maps - no confusing and cluttering K-28s or V-34s - its just the city from A-Z. Our covers map the icons of each city and turn them into collectible graphic art. Size open: 8.5" x 11" per section; 3.25" x 7" closed to snugly fit into a shirt pocket or purse. Gain instant Tokyo TransitSmarts and a sexy souvenir to boot!
