BDSM and punishment as an erotic game is not a recent invention. It existed since quite a long time. The play between dominant men and women and their submissive counterparts. In a time when it was already considered extremely bold to capture naked or semi-naked women on an image, the tolerance limit for Fetish and BDSM – pictures was placed much, much higher. These pictures were taken secretly and then distributed in backrooms only. This photo collection shows submissive women as they play their roles and expect their punishments for their deeds. The main focus is laid upon spanking images of all kind. Even some out-door shootings are not missing. Not to forget a handful of classroom pictures of naughty schoolgirls, which need to receive some punishment as well by the school mistress. I would like to add another important notice to this picture book regarding the quality of images. To avoid disappointment, I would like to mention, that many of the photos do not meet the modern requirements for depth and contrast. The oldest image dates back to the year 1870 and many of the others were published in the year until World War I.
