**The Nautilus Bulletins** Dr Alan Stuart Radley, Mr Arthur Jones

Arthur Jones' "Nautilus Bulletins" may be the most important books ever written on exercise, both for the ideas themselves and their influence on others who would advance and refine them over the following decades. My goal in providing this new edition of the Nautilus Bulletins is to organise and layout the material for a modern audience. No changes have been made to Arthur's words; except for corrections in terms of typography, formatting and layout. Each RADLEY CLASSIC is a meticulously restored, luxurious and faithful reproduction of a classic book; produced with elegant text layout, clarity of presentation, and stylistic features that make reading a true pleasure. Special attention is given to legible fonts and adequate letter sizing, correct line length for readability, generous margins and triple lead (lavish line separation); plus we do not allow any mistakes/changes to creep into the original author's words. Visit RADLEY BOOKS at [www.radleybooks.com](http://www.radleybooks.com) to see more classic book titles in this series.
