## **Fountain of Youth** Nada Faris

Concerned with endings, resonances, and aftermaths, *Fountain of Youth* explores the mediation of an Arab female poet on the brink of change, documenting moments of transformation from adolescence to adulthood, from the immature stage of a mental disorder to its mature form, and from post-colonial conditions which led to the creation of a comfortable welfare state to globalization and its repercussions. Specifically, *Fountain of Youth* questions what it means to be human after the global triumph of neoliberalism--and how our revision will help us rethink our ideas about youth/growth in the Middle East.
