This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information.

Road and rail networks are easy to see on a clear base which shows the country's topography by altitude colouring with contours, spot heights, mountain passes, and names of mountain ranges. Surrounding seas have bathymetric contours. The southern islands of Okinawa and Kagoshima are on an inset. Internal administrative boundaries are shown with names of the provinces. Names of the islands and main towns are in both scripts, with names of smaller towns and villages, provinces and geographical features given in the Roman alphabet only.

Road network includes selected minor local roads and shows intermediate driving distances on motorways and main roads. Railways indicate the high speed Shinkansen line. Ferry connections are also shown. National parks and protected areas, including maritime parks are marked. Symbols highlight various places of interest: picturesque towns and villages, UNESCO world heritage sites, temples and shrines, special gardens, caves and hot springs, winter sport areas, etc. The map has a latitude / longitude grid at intervals of 1° and an index of localities. Multilingual map legend includes English. High quality German cartography.
