Albert Einstein (Scientists Who Made History) Saviour Pirotta

This title describes the life and career of Albert Einstein, including simplified explanations of the General and Special Theories of Relativity and an analysis of his legacy and contribution to science. It compares the world before and after the life of the scientist - giving the clearest possible impression of their impact and legacy. Dramatic narrative passages describe the flashes of inspiration, the behind-the-scenes tensions that led to great discoveries. It features panels, which explain the science behind the discoveries, and quotation boxes, which present extracts from letters, diaries and notebooks.
