"A thrilling tale of time travel and alternate timelines with a refreshingly optimistic view of humanity's future."

—**Andy Weir, *New York Times* bestselling author of *The Martian***

“Elan Mastai has conjured up a witty and freewheeling time-traveling romance that packs an emotional wallop. ALL OUR WRONG TODAYS is a page-turning delight.”

—**Maria Semple, author of *Today Will Be Different* and *Where'd You Go, Bernadette***

You know the future that people in the 1950s imagined we'd have? Well, it happened. In Tom Barren's 2016, humanity thrives in a techno-utopian paradise of flying cars, moving sidewalks, and moon bases, where avocados never go bad and punk rock never existed . . . because it wasn't necessary.

Except Tom just can't seem to find his place in this dazzling, idealistic world, and that's *before* his life gets turned upside down. Utterly blindsided by an accident of fate, Tom makes a rash decision that drastically changes not only his own life but the very fabric of the universe itself. In a time-travel mishap, Tom finds himself stranded in our 2016, what we think of as the real world. For Tom, our normal reality seems like a dystopian wasteland.

But when he discovers wonderfully unexpected versions of his family, his career, and—maybe, just maybe—his soul mate, Tom has a decision to make. Does he fix the flow of history, bringing his utopian universe back into existence, or does he try to forge a new life in our messy, unpredictable reality? Tom's search for the answer takes him across countries, continents, and timelines in a quest to figure out, finally, who he really is and what his future—our future—is supposed to be.

All Our Wrong Todays is about the versions of ourselves that we shed and grow into over time. It is a story of friendship and family, of unexpected journeys and alternate paths, and of love in its multitude of forms. Filled with humor and heart, and saturated with insight and intelligence and a mind-bending talent for invention, this novel signals the arrival of a major talent.
