**Date 48: an introduction to stealthpilot1** Kendall Johnson Jr.

Scotch had worked for the Air Force for most of his adult life, but nothing in his training prepared him for what would happen over the course of a double-shift during the Christmas holidays... not so far away, in Earth's distant future. He was to meet the rarely-glimpsed subject of fables & legends... a mysterious stranger known as stealthpilot1 - who would prove to appear in shape & form... uncannily similar to Scotch. The two of them, working together, were to shape the course of humankind. Date 48 offers a unique perspective to the question, "How many hours in a day?" At the same time it sheds new light on the subject, the book also introduces you to stealthpilot1 - someone you may or may not already be familiar with... or have met before.
