## **Great Apes** Will Self

Like Franz Kafka's *Metamorphosis*, *Great Apes* is a strange and twisted tale, a surreal satire on the human condition, and an omen for those who wander too far. After a long night of partying, Simon Dykes, a successful British painter, wakes up to find that his girlfriend has turned into a chimpanzee. In fact, the world Simon once knew has become a planet of apes. Convinced he is still human, Simon is confined to the emergency ward of a hospital and put under the care of Dr. Zack Busner, clinical psychologist, radical psychoanalyst, maverick drug researcher, and media personality. Written with the glittering satiric edge that is Self's hallmark, *Great Apes* is a hilarious, disturbing, and truly unforgettable novel.
