The Re-Birth of the Black Man is a motivational guide which speaks to the rights of passage that leads boys to become men. By using my life experiences, it is my endeavor to help young Black boys to overcome some of the self-inflicted obstacles and bondages that many experience on their journey to manhood. This book will open the door for questions like: Who am I? What does it mean to be a father? Where can I find true love? How can I avoid or overcome financial distress? I believe these are valid questions where the answers can be found within the camaraderie of men where older generations are teaching the young in order to build generations of strong Black men.
