## **Basic Concepts in Embryology: A Student's Survival Guide** Lauren Sweeney

This Basic Concepts title sheds light on the most elusive concepts in embryology and does so in a concise, lively manner. The level of detail is geared directly to that which is required by students in a way which easily accesses the most relevant information. The book utilizes jargon-free language and innovative teaching techniques to promote an understanding of concepts--not just the rote memorization of facts. To further enhance comprehension, text and illustrations accompany each other on the same or facing pages.
