Joseph A. Altsheler

The Colonial Frontier Novels: 4-The Scouts of the Valley & the Border Watch Joseph A. Altsheler
The final volume in an epic eight novel, four volume collection of Altsheler's great series of early America

During the eighteenth century the American frontier traversed the eastern woodlands, mountains and lakes of the continent. The 'flaming border' was a hostile land populated by the tribes of the Shawnees, Wyandots, Delaware's and others-fierce warrior peoples determined to maintain their dominance to stem the encroachment of the early European pioneers. These settlers were a new people, determined to cut back the wilderness, to create communities and farm the fertile soil. Ever since the 'white man' had set foot in the New World the dispute had raged in seemingly endless bloodshed. The French and their Indian allies had fought and lost their bid for the continent, but still the war between 'white' and 'red' raged. The border moved inexorably Westward and the land about the great Ohio and Mississippi Rivers was where the struggle would continue. Among the vanguard of the white men were intrepid backwoodsmen, scouts, trappers, hunters and those who-for adventure or vengeance-brought the fight to their Indian and renegade foes. Among these are this series' principal characters, Henry Ware, Paul Cotter and their companions. These novels by Joseph Altsheler-sometimes referred to as 'The Young Trailers' series-chronicle these extraordinary times as the background to the adventures of these remarkable young men. Altsheler was well regarded for high adventure set in American history and accurately encompassing actual personalities and real events. This Leonaur collection is available in soft cover and hard cover with dust jacket. Altsheler's 'Civil War' series and his 'French and Indian War' series are also available from Leonaur.

This special series ends with the seventh novel The Scouts of the Valley and the eighth and final novel, The Border Watch. These classic adventures of Henry Ware, Paul Cotter and their companions are as gripping today as at the time of their first publication and this substantial four volume collection is the ideal way to own and enjoy them.
