## **South Africa's War Against Capitalism** Walter E. Williams

Written for students, laypersons, and scholars who seek a deeper understanding of the roots of apartheid in South Africa, this book focuses upon the relationship between apartheid and capitalism. The author argues, in contrast to prevailing views held both in South Africa and the West, that rather than resulting from capitalism, apartheid is the antithesis of capitalism. In short, Williams asserts, the evolution of apartheid can be seen as a struggle against market forces in order to confer privilege and status on South African whites.

Williams begins with a brief overview of South African history, the racial and ethnic diversity of its peoples, and the development of thinking about apartheid. He then highlights some of South Africa's legal institutions, particularly its racially discriminatory laws, and traces the historical forces behind racially discriminatory labor law. Subsequent chapters apply standard economic analysis to apartheid in business and the labor market and consider market challenges to apartheid and governmental responses. Finally, Williams summarizes recent changes to apartheid laws and offers a general discussion of the lessons about racial relations that can be drawn from the South African experience.

#### **Concepcion Shaw:**

As a college student exactly feel bored to reading. If their teacher inquired them to go to the library or even make summary for some publication, they are complained. Just tiny students that has reading's internal or real their passion. They just do what the educator want, like asked to the library. They go to there but nothing reading significantly. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this South Africa's War Against Capitalism can make you truly feel more interested to read.
