An Introduction to the Theory of Superfluidity

Isaac M. Khalatnikov, Isaac Markovich Khalatnikov

An Introduction to the Theory of Superfluidity Isaac M. Khalatnikov, Isaac Markovich Khalatnikov

A classic from 1965, this book covers the main aspects of the theory of quantum liquids, including the elementary excitation spectrum, hydrodynamics, and kinetic phenomena. The book requires no special training and assumes only general knowledge of the fundamentals of theoretical physics. It was developed from studies at the Institute of Physical Problems of the U.S.S.R. Academy of Sciences and can be used as a guide for professors teaching quantum liquid theory or as a text for graduate students.

From reader reviews:

Cynthia Carter:

The particular book An Introduction to the Theory of Superfluidity will bring you to definitely the new experience of reading some sort of book. The author style to explain the idea is very unique. When you try to find new book to study, this book very ideal to you. The book An Introduction to the Theory of Superfluidity is much recommended to you to see. You can also get the e-book in the official web site, so you can more easily to read the book.

Wendy Miller:

The publication untitled An Introduction to the Theory of Superfluidity is the e-book that recommended to you to learn. You can see the quality of the e-book content that will be shown to an individual. The language that publisher use to explained their ideas are easily to understand. The article writer was did a lot of exploration when write the book, therefore the information that they share to you is absolutely accurate. You also can get the e-book of An Introduction to the Theory of Superfluidity from the publisher to make you more enjoy free time.

Melinda Miller:

This An Introduction to the Theory of Superfluidity is great reserve for you because the content which can be full of information for you who also always deal with world and have to make decision every minute. That book reveal it details accurately using great plan word or we can state no rambling sentences inside it. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but challenging core information with splendid delivering sentences. Having An Introduction to the Theory of Superfluidity in your hand like keeping the world in your arm, details in it is not ridiculous a single. We can say that no guide that offer you world inside ten or fifteen tiny right but this reserve already do that. So , this is certainly good reading book. Hey Mr. and Mrs. hectic do you still doubt this?

Alyson Ward:

Beside this kind of An Introduction to the Theory of Superfluidity in your phone, it can give you a way to get closer to the new knowledge or info. The information and the knowledge you might got here is fresh from your oven so don't become worry if you feel like an older people live in narrow town. It is good thing to have An Introduction to the Theory of Superfluidity because this book offers for you readable information. Do you occasionally have book but you seldom get what it's exactly about. Oh come on, that would not happen if you have this with your hand. The Enjoyable set up here cannot be questionable, similar to treasuring beautiful island. Techniques you still want to miss the idea? Find this book in addition to read it from at this point!
