Scientific American Supplement, No. 458, October 11, 1884

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Joseph Lewis:

As a pupil exactly feel bored to reading. If their teacher asked them to go to the library or to make summary for some e-book, they are complained. Just small students that has reading's internal or real their pastime. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading really. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Scientific American Supplement, No. 458, October 11, 1884 can make you sense more interested to read.
