Why Grow Up? Susan Neiman

In *Why Grow Up*, the latest volume in the *Philosophy in Transit* series, world-renowned philosopher Susan Neiman looks at growing up as an ideal with urgent relevance today. Becoming an adult today can seem a grim prospect. As you grow up, you are told to renounce most of the hopes and dreams of your youth, and resign yourself to a life that will be a pale dilution of the adventurous, important and enjoyable life you once expected. But who wants to do any of that? No wonder we live in a culture of rampant immaturity, argues internationally-renowned philosopher Susan Neiman, when maturity looks so boring. In *Why Grow Up*, Neiman explores the forces that are arrayed against maturity, and shows how philosophy can help us want to grow up. Travel, both literally and as a metaphor, has been seen as a crucial step to coming of age by thinkers as diverse as Kant, Rousseau, Hume and Simone de Beauvoir. Neiman discusses childhood, adolescence, sex, and culture, and asks how the idea of travel can help us build a model of maturity that makes growing up a good option and leaves space in our culture for grown-ups. Refuting the widespread belief that the best time of your life is the decade between sixteen and twenty-six, she argues that being grown-up is itself an ideal: one that is rarely achieved in its entirety, but all the more worth striving for.

From reader reviews:

Delores Keener:

What do you consider book? It is just for students because they are still students or that for all people in the world, the actual best subject for that? Just simply you can be answered for that question above. Every person has several personality and hobby for every single other. Don't to be compelled someone or something that they don't would like do that. You must know how great along with important the book Why Grow Up?. All type of book would you see on many resources. You can look for the internet solutions or other social media.

Jean Fair:

As people who live in the actual modest era should be update about what going on or data even knowledge to make these individuals keep up with the era that is certainly always change and advance. Some of you maybe will probably update themselves by looking at books. It is a good choice to suit your needs but the problems coming to anyone is you don't know what one you should start with. This Why Grow Up? is our recommendation to help you keep up with the world. Why, because book serves what you want and want in this era.

Megan Kelly:

Spent a free a chance to be fun activity to do! A lot of people spent their down time with their family, or their very own friends. Usually they carrying out activity like watching television, going to beach, or picnic within the park. They actually doing same every week. Do you feel it? Will you something different to fill your personal free time/ holiday? Can be reading a book may be option to fill your free time/ holiday. The first thing you ask may be what kinds of guide that you should read. If you want to attempt look for book, may be the publication untitled Why Grow Up? can be fine book to read. May be it can be best activity to you.

Clara Radtke:

What is your hobby? Have you heard in which question when you got students? We believe that that query was given by teacher to their students. Many kinds of hobby, All people has different hobby. And you know that little person just like reading or as reading through become their hobby. You need to understand that reading is very important in addition to book as to be the thing. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You will find good news or update concerning something by book. Amount types of books that can you take to be your object. One of them is niagra Why Grow Up?.
