Just Java 2

Peter Van Der Linden

Just Java 2 Peter Van Der Linden

Programmers can cut right to the chase and learn Java 1.2 fast with this fully-revised and updated edition of Just Java, Peter van der Linden's long-time best-seller! The new edition includes practical introductions to the important new features added to JDK 1.2, especially the graphical "Swing" components. Written in the author's trademark humorous style, it presents a crystal-clear introduction to both Java and object-oriented programming. You'll find extensive real-world examples, and expert insight into both the advantages and challenges of programming with Java 1.2. The accompanying CD-ROM is a truly awesome resource, including extensive sample code from several top Java programmers, the complete 121-page Java Programmer's FAQ, and tons of great freeware, including Linux, Samba, Perl, Tcl, Python, the Algol compiler, Java games, and much more.

From reader reviews:

Bobbi Wilkinson:

Nowadays reading books be a little more than want or need but also turn into a life style. This reading routine give you lot of advantages. Advantages you got of course the knowledge the particular information inside the book that improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want send more knowledge just go with knowledge books but if you want feel happy read one together with theme for entertaining for example comic or novel. The particular Just Java 2 is kind of guide which is giving the reader capricious experience.

Terry Pullen:

Reading a publication tends to be new life style on this era globalization. With examining you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire their own reader with their story or perhaps their experience. Not only the storyline that share in the guides. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors in this world always try to improve their expertise in writing, they also doing some investigation before they write to the book. One of them is this Just Java 2.

Betty Johnston:

This Just Java 2 is great publication for you because the content which can be full of information for you who always deal with world and possess to make decision every minute. This specific book reveal it info accurately using great coordinate word or we can point out no rambling sentences included. So if you are read this hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but tough core information with wonderful delivering sentences. Having Just Java 2 in your hand like obtaining the world in your arm, information in it is not ridiculous a single. We can say that no book that offer you world inside ten or fifteen second right but this e-book already do that. So , it is good reading book. Hey there Mr. and Mrs. hectic do you still doubt that will?

William Johnson:

What is your hobby? Have you heard that question when you got pupils? We believe that that query was given by teacher for their students. Many kinds of hobby, Every person has different hobby. And also you know that little person just like reading or as examining become their hobby. You must know that reading is very important in addition to book as to be the thing. Book is important thing to include you knowledge, except your current teacher or lecturer. You find good news or update regarding something by book. Amount types of books that can you choose to adopt be your object. One of them is Just Java 2.
