[Read by James Adams]

Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet.

The impact of *The Late Great Planet Earth* cannot be overstated. The *New York Times* called it the "number one bestseller of the decade." This blockbuster offered Christians and non-Christians of the 1970s a wake-up call to events to come, and some already unfolding, that herald the return of Jesus Christ. -- The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in: the rebirth of Israel, the threat of war in the Middle East, an increase in natural catastrophes, the revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist, of a war which will bring humanity to the brink of destruction, and of incredible deliverance for a desperate, dying planet.
